RESEARCH IMPLEMENTATION
SCHEDULE

IRP + training programme

IRP = scientific activity
education program = classes

Classes organized as part of the program along with the scientific activity of the doctoral candidates as part of an individual research plan (IRP) should lead primarily to the preparation of a doctoral dissertation that meets the statutory requirements and the achievement by the doctoral candidate of the learning outcomes provided for qualifications at level 8 of the Polish Qualifications Framework (PQF).

What is worth remembering?

-  planned results of the task / activity
-  dissemination of research
-  internationalization
-  learning outcomes
-  adaptation to discipline

The doctoral candidate in consultation with the **supervisor** prepares IRP

The doctoral candidate submits the IRP to the director of the doctoral school, together with the opinion of the supervisor or supervisors, from September 1 to 30

An individual research plan is subject to the opinion of the Board of Scientific Field competent for the discipline
